## RULES

1. Sourcing Hackathon is administered through Socrative - automated platform for quizzes  
All answers are to be submitted only through Socrative
2. Each task has a time limit. When time is up, you will see the next question on the screen
3. Each task has its weight (number of points for a correct answer), it depends on the level of difficulty
4. You are allowed to use any plugins and search systems except the AmazingHiring search engine
5. It will be needed to provide a short algorithm of your sourcing strategy together with your answer

4 points 

## Task #6

I remember bumping into a guy from the south of France on Stackoverflow talking about the new .net core framework. Really cool dude, long haired, likes music and photography. He told me he was also teaching in a school but can't remember which one.

**Can you remind me?**

*TASK FROM GUILLAUME*

**5 min** 

**4 points** 

## Task #7

Let's say you want to find someone who would be in both "Hirin'Geeks" and "Mobile Startups" Facebook groups, you want a person who is really into/likes sourcing. Let's say you would like to "casually" bump into him tonight...

**Where will he probably be?**
